Our Vision

Our vision is of a world where no child dies of cancer.

Since we were inaugurated in 1988, we have been dedicated to fighting the injustice of cancer in children. We raise and invest money for vital specialist research to save the life of every child with cancer and keep their family together.

By liberating visionary researchers and accelerating breakthroughs we have helped to drive childhood cancer survival rates up from 63.7% in 1990 to a predicted 84%* in 2017.

We also support families whose lives have been turned upside down by:

- helping to fund the building of free patient and family homes near hospitals around the UK;
- supporting charities offering financial assistance to families during treatment;
- giving children and families unforgettable days out – creating memories that can never be lost.

* Survival rates are based on 5 year survival. The 84% figure for 2017 is an estimated figure by the Office of National Statistics, exact figures will be known in 2023
